NSA Cadet Beguia, Cum Laude, during the awarding rites at MAAP

New name of the Project

NIS Class Project is renamed to:

Norwegian Shipowners Association (NSA) Philippines Cadet Project

Alas from now on, the Project shall be called NSA Philippines Cadet Project and cadets shall be called "NSA Cadets".

This change is made in order to conform to all other NSA International Education Projects world wide. Nonetheless, the same qualified and internationally competitive Filipino Cadets are continually developed, groomed and supported by the NSA Project.

Cum Laude, NSA Cadet from MAAP

Mark Andrew S. Beguia is the NSA Cadet who received the second highest distinction as Cum Laude during the 3rd Commencement Exercise of the Maritime Academy of Asia and the Pacific held last July 14, 2005. Beguia (Odfjell), topped the class of 174 graduates for this year. We had a total of 16 NSA Cadets at MAAP from the 9th Batch.

Four other NSA Cadets also made it to the top 10 graduates of MAAP: Preclaro, Mark Anthony (Jo Tankers) - Top 5; Burgos, Jose Virgilio (Bergesen) - Top 6; Rabacca, Bryan Jesus (Bergesen) - Top 8; Tionko, Calvin Victor (Bergesen)- Top 9.

Mark Andrew Beguia's name is a new addition to the Projects' Wall of Fame!

9th Batch Graduates from MAAP

NSA CADET at TSOP Regional Search

Thomas Eban Alenton (KGJS—9th Batch), this year's Summa Cum Laude from University of Cebu, qualified as one of the Ten Most Outstanding Students of the Philippines in Region 7. He will represent, among very few others, the Region in the National Search for the Ten Most Outstanding Students of the Philippines. So far, NIS-NSA Project have produced one and the first Maritime Cadet in this prestigious national selection abreast with other top students from law, medicine, economics, and others.

Shipboard Training Officer (STO)

Engr. Hernane Balinas, NIS 5th Batch from JBLCF -Molo, is the new Shipboard Training Officer (STO) of the NSA Philippines Project . He was hired last August and will develop, implement, coordinate and closely assess cadets Shipboard training program. He will also monitor cadets from PMMA at a regular basis.

Shipboard Training onboard T/S Kapitan Felix Oca

178 Cadets, Instructors and Coordinator participated in a 3-week shipboard training on board T/S Kapitan Felix Oca. Various training, watch keeping, safety drills, sports, social and cultural activities were held onboard. During this activity, cadets were able to experience ship operation, works, duties, discipline, and environment on board ship plus the opportunity to meet and interact with fellow NSA Cadets from different schools.

Parents' and Cadets' Orientation Seminar

The Project has successfully completed the NSA Cadets' and Parents' Orientation seminar held at JBLCF, University of Cebu and PMMA. This activity provided Cadets and Parents an insightful understanding of the Project's objectives, activities and support. A forum was also held after the seminar to answer parents' questions. This meeting provided an opportunity for the Project to create a family atmosphere among cadets, parents, school coordinators and the NSA Project.
