- Personal Development
- MOA

Highlights:

- MOSA to J.B. Lacson Molo
- Cadets Order Form
- Stability Course
- MAAP Cadet Amador got Cum Laude

New intake of Cadets 2004 12th Batch (2004-2008)

If you want Cadets from the NIS Project, you have to fill in our Commitment Form and thus order the number of Cadets you need. The Cadets Order Form can be downloaded at:

<http://www.ntcm.com.ph/form.html>

We have already got some commitments from this 12th Batch and it will be on "first come- first served" basis.

Please remember that these Cadets will have their sea-time from May / June 2006 to June / July 2007.

Graduation at MAAP in July 2003

President Gloria Macapagal-Arroyo arrives at MAAP

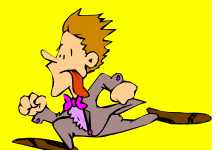

President Gloria Macapagal-Arroyo giving awards

A total of 10 NIS Deck and 11 NIS Engine Cadets graduated from MAAP in July 2003. E/C Arnold Amador (OSM) received Cum Laude and was included in the NIS Wall of Fame. Ninety percent of the total NIS Cadets from MAAP who took the last Marine Deck and Engine Exams by PRC passed the Board Exam for operational level.

10th Batch Engine Cadets (2002-2006)

The NIS Project has some 10th Batch Engine Cadets who need 12 month sea-time from May 2004 to June 2005. If you have space on-board for these fine Cadets, please notify the NIS Project as soon as possible. The reason for these extra Cadets is that the NIS Project got commitment cancellation due to members sale of ships.

NIS Most Outstanding School Award (MOSA) 2003

NIS Assistant PM G. Frange and Engr. Edmund Pragado

NIS MOS Award

This year's NIS MOSA went to JB Lacson Molo. The award was created to give recognition to the school with remarkable performance according to the NIS Project objectives and mission. The 4 major aspects of the evaluation to ensure

quality education and training are:

1. Academic Performance
2. Faculty Profile
3. School Facilities
4. Level of Cooperation

Earlier winners:

- 2000: University of Cebu
- 2001: University of Cebu
- 2002: J.B. Lacson Arevalo
- 2003: J.B. Lacson Molo

Faculty Upgrading

12 Teachers / Lecturers from all of our schools attended in October 2003 a course in Stability and trim at NTC-Manila. Terje Berger, a Naval Architect from Norway conducted the one week long course. The NIS Project will 2004 give the same course to the Cadets in 2004 as part of their continuing upgrading.

10th Batch Cadets Embarkation 2004

Terje Berger conducting the Stability Course

The NIS Project will again conduct pre-embarkation seminars for the 10th Batch Cadets who will go onboard in May / June 2004.

at the schools with all the Cadets and their parents.

Any Principal or Manning Agents that would like to have their representatives at these meetings, please contact the NIS Project so

we can arrange this.

This is a good opportunity to have a final information or instruction to your Cadets prior to embarkation, as well as signing any MOA with the Cadets.

The seminar will be held

NIS Cadets on board

Personal Development Workshop

The NIS Coordinators from J.B. Lacson initiated and organized a 3 day personal development / improvement workshop held at J.B. Lacson Molo. A total of 91 Cadets participated during the workshop. Issues covered Personal Awareness, Time Management, Leadership and discipline.

MOA between Cadets / Manning Agents and Ship-Owners

In some cases some of our NIS Members have not signed a Memorandum of Agreement with their Cadets. This might create some problems later after the Cadets have graduated. The NIS Project has only a MOA with the Cadets during their 4 years at school (including the 1 year at sea). After they are finished, it is up the manning agent / ship-owner to sign them up. We recommend that you do so.
