Hopeful Cadets takes the NIS tests

NIS Cadets practicing drills

New intake of Cadets 2004 12th Batch (2004-2008)

If you want Cadets from the NIS Project, you have to fill in our 12th Batch Commitment Form and order the number of Cadets you need. The Cadets Order Form can be downloaded at:

<http://www.ntcm.com.ph/cadetorder.html>

We have already got commitments from this 12th Batch and it will be on "first come- first served" basis.

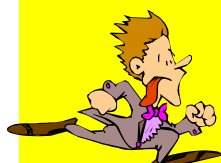

Screening, testing, interviews and selection will start in June 2004

Please remember that these Cadets will have their sea-time from May / June 2006 to June / July 2007.

Graduation 7th Batch "Rolled-Over" Cadets 2004

A total of 20 NIS 7th Batch "Rolled-Over" Cadets graduated at J.B. Lacson College's (18) and University of Cebu (2). All of them, except 1 (Barber) are with Bergesen DY. Deck Cadet R. Cabrillos got Magna Cum Laude, 10 Cadets got Cum Laude and 4 got With Honors. Not Bad!

10th Batch Engine Cadets (2002-2006)

The NIS Project has some 10th Batch Engine Cadets who need 12 month sea-time from May / June 2004 to June 2005. If you have space onboard for these fine Cadets, please notify the NIS Project as soon as possible.

NIS Cadets on board Super-Ferry

Highlights:

- 12th Batch Intake
- More 10 Batch Cadets
- Super Ferry
- Magna Cum Laude

NIS Cadets during Team-building Seminar

NIS Cadets onboard Super Ferry

Last year the NIS Cadets went onboard the Super Ferry for ship-familiarization.

During their time onboard they had fire-fighting courses and lifeboat drills amongst other things.

This is an important "happening" since for many of them their first time onboard a ship.

- General ship arrangement familiarization
- Engine Room familiarization
- Safety Familiarization
- Safety Drills
- Bridge and Engine Watch Keeping
- Docking / undocking
- Seamanship
- Physical Exercise

Faculty and Cadet Upgrading

During June 2004 12 Teachers / Lecturers from all of our schools will attend module 2 of the Stability and Trim course to be held at NTC-Manila.

Terje Berger, a Naval Architect from Norway will again conduct the one week long course. The NIS Project will give the same courses (Module 1 and 2) to the Cadets in 2004 as part of their continuing upgrading.

US Embassy Visa Requirements

The American Embassy Manila requires that all "greenhorns" (first time visa applicants) like our NIS Cadets, must apply for an interview at the American Embassy. This process takes "normally" two months. After the interview the Visa process takes another 10 working days. Please make sure that all documents, like passport, Seamen's book, birth certificates, documents from schools etc are all OK before the interview. The NIS Project will help in getting an interview

Upgrading Courses / Seminars

The Cadets has during 2003 done the following upgrading courses:

- Housekeeping and Sanitation
- Stress Management Seminar
- Collision Regulation Simulator
- Course Engineering Systems
- Introduction to electro technology
- Navigational Watch Keeping / COLREG
- Radar Observation
- Basic Diesel
- Engineering Systems
- Steering and Helmsman Course
- Welding Course
- Control Engineering
- Stress Management Seminar
- Personality Improvement Workshop

- Ship Simulator and Bridge Teamwork

Please see our website for more info and yearly schedules for extra curriculum activities, full school curriculums, and Computer Based Training (CBT) the Cadets will have during their three academic years.
